The Dirty for Good training is designed for motorcycle licensed beginner dirt riders who have good clutch & throttle control or for novice to intermediate dual sport riders who want to add to & refine their skills.

Please understand & verify that you meet the requirements to be successful with the Dual Sport Motorcycle Training. Dirty for Good training will involve 6-8 hours per day of riding. Much of the riding involves standing up on the motorcycle's pegs while using body positioning for turns, surmounting obstacles, water crossings, uphill and downhill terrain as well as mud, sand, gravel and rocks. Dual Sport riding requires stamina, good health, physical fitness, balance, agility, mental alertness & the ability to focus on & follow instructions.

You can ONLY be successful if you meet these requirements, have a motorcycle endorsement on your driver's license & are willing to learn. We share these realities, not to intimidate you or scare you away from this training, but to ensure that you understand what it takes to have a successful, enjoyable experience.

The next portion of this registration will ask you to provide information about your motorcycle riding history. Thank you for your honest self-assessments. If you have any trouble responding to these items, please email or call Sue Slate: wmfinsue@gmail.com / 585-415-8230 (EST) between 9:00 a.m. – 4:00 p.m.

Please read carefully and place your initials in each of the boxes below:

I meet the physical & mental requirements to participate & will come to training rested & ready to learn. I will bring my license with motorcycle endorsement to the DIRTY FOR GOOD Off-Road Riding Camp.

For Dirt/Dual Sport/Adventure specific riding gear, consider going to revzilla.com or cyclegear.com / an online search will provide you with other websites too.**
